

# **Radical Sustainability**

This 8 - week class is designed to challenge the growing popularity of sustainability or what would more accurately be called Green Capitalism.

Participants will investigate our food, transportation and energy systems to determine how unsustainable they are. We will look at how serious the issue of global warming is and what humanity will honestly need to do in order to prevent catastrophic environmental destruction.

We will be using a variety of online resources, DVDs and the book *Deep Green Resistance: Strategy to Save the Planet*. In addition, participants will develop a plan to implement a truly sustainable plan for the Greater Grand Rapids Area.

The class will be on Monday nights from 7 – 9PM beginning September 26. The class will take place in one of the community rooms at the Steepletown Center located at 671 Davis NW in Grand Rapids.

The cost of the class is \$20, which does not include the cost of the book.
